

Tampa Bay Foster Closets and Resources

Always check to be sure a foster closet or thrift store is open before driving there. Many have limited operational days and hours because they are often volunteer organizations.

These are a great resource for foster families with all but the thrift stores offering free but gently used clothing. What they have depends upon the generosity of mostly local people.

Please plan on returning good quality clothes to a foster closet after use. Good quality adult clothes are often accepted by foster closets that serve teenagers.
